

**WASHINGTON COUNTY LANDFILL 718 LANDFILL RD.  
ROPER, NORTH CAROLINA**

Date: 11/29/2017

To: All Metal Recycling Companies.

Washington County is seeking proposals from companies to provide metal recycling for Washington County. The proposal will be for the approximate 175 +/- tons that is currently on site. The proposal should include:

- Removal of all metal. This includes appliances, steel, copper, brass, or any other type of metal. Remove CFC's per state regulation.
- Provide a list of items that will not be accepted. Produce current copy of liability insurance.
- Clean the storage area up when you are finished. Store rejected materials in no more than two piles.
- Provide a price per ton that your company will pay Washington County for the removed metal. The quote must be an exact price (example-\$200.00 per gross ton). Payment within 30 days of removal.

**This proposal is due to Washington County by 12/3/2017 12:00 PM Noon.**

The proposal can be faxed or e-mailed

Washington County Public Works Department  
Roper, North Carolina
