

## **NEED A PAYMENT PLAN?**

It's easy to do. Beginning in July of each year simply divide your current tax bill into 6 equal amounts and make one payment each month. A receipt with the adjusted amount due will be mailed to you after each payment. As long as your final payment is received by January 5<sup>th</sup> of the following year, no interest will be assessed.

Not certain if you will be able to pay your entire balance in full before it becomes delinquent on January 6<sup>th</sup>? Contact our office now and the staff will work with you to set up a formal payment plan. You will be asked to provide your employer and banking information. If you wait too long, the options available will be limited.

Planning for your taxes now can help you avoid additional cost, enforced collection, and having your name and property advertised in the local newspaper.

**Don't wait! Take advantage of this option today!**
